Public Service Commission of South Carolina  
Attn: Docketing Department  
P.O. Drawer 11649  
Columbia, SC 29211

July 8<sup>th</sup> 2008

I am responding to the notice included in my June 2008 utility bill, regarding  
**Docket # 2008-196-E**

As a customer of S.C.E. & G., I wish to participate in the proceedings scheduled for  
October 27<sup>th</sup> 2008.

I understand that S.C.E. & G. is requesting certification of environmental compatibility  
from the Public Service Commission.

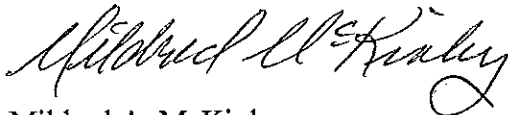

As a party to the proceedings I will be using my rights to present evidence and testimony.  
And my right to ask questions of any witnesses through cross examination.

Of particular interest to me is;

1. The possibility of cost increases for electricity,
2. The risks associated with nuclear power
3. The enormous amount of water to be evaporated in cooling the reactors, and
4. The company's predictions regarding future needs for electricity.

I have sent copies of this request to the South Carolina Office of Regulatory Staff, and  
The South Carolina Electric and Gas Company, as per the directions for this petition.

Sincerely,

Mildred A. McKinley
